EDUCATION

Indian Institute of Technology (ISM), Dhanbad Dec 2021 - present
Bachelor of Technology in Computer Science and Engineering

SKILLS

Languages: C/C++, JavaScript, HTML/CSS
Frameworks: Node Js, Express Js, React Js, Bootstrap
Databases: MongoDB, MySQL
API Development: RESTful APIs, Postman
Tools: Git/GitHub, Unix Shell, Netlify

EXPERIENCE

Navodita Infotech | *Full-Stack Developer Intern - Link* Dec 2023 - Jan 2024
- Collaborated with cross-functional teams to design, develop, and deploy a fully functional e-commerce website that includes features like User authentication, Product catalog, Shopping cart, Payment processing, and Order management.
- Developed dynamic web pages with React.js, integrated third-party APIs for enhanced e-commerce functionality, and built a secure, scalable back-end using Node.js, Express.js, and MongoDB.
- Optimized website performance through front-end and back-end optimizations, resulting in a significant reduction in page load times.

PROJECTS

Ecommerce App | *React Js, Node Js, Express Js, MongoDB, REST API, Netlify - Link* December 2023
- Developed, designed and deployed a fully functional e-commerce website that includes features like User authentication, Product catalog, Shopping cart, Payment processing, and Order management.
- Developed dynamic web pages with React.js, robust backend with Node.js, Express.js, integrating REST API and MongoDB for enhanced functionality and efficient data management.
- Implemented secure user authentication, payment gateway (e.g., Stripe), and optimized performance for seamless transactions.
- Used Netlify for efficient deployment, ensuring timely updates and releases, contributing to increased online sales and customer satisfaction.

Mi Store Clone | *React Js, Node Js, HTML/CSS, Javascript, Bootstrap, Netlify. - Link* October 2023
- Developed a high-fidelity Mi Store clone using modern web development technologies such as React.js HTML, CSS, JavaScript, and Bootstrap.
- Implemented efficient code practices and optimized the project for fast load times and smooth user experiences.
- Deployed the project using Netlify, enabling automatic and hassle-free continuous integration and deployment, ensuring that users always have access to the latest features and enhancements.

Personal Portfolio | *HTML, CSS, JavaScript, Bootstrap - Link* August 2023
- A responsive web page made using HTML, CSS, and Javascript that displays information about me, my education, portfolios, view my resume, and how to contact me.
- Implemented special features, such as smooth scrolling, animations, or dynamic content loading
- Deployed the Personal Portfolio website project on GitHub Pages, ensuring accessibility for a global audience

ACHIEVEMENTS AND ACTIVITIES

- Global rank 257 in Codechef Starters 73 contest.
- Cleared Google Summer Internship coding round and appeared for a personal interview.
- Won 1st prize in a photography contest organized by the photography club of IIT BHU.
- Codechef Rating- 1507 and Secured HackerRank Rating-5 star.
- Event Organizer: Fotomela'22, an event organized by photography club of IIT(ISM) Dhanbad
